

A group of children are gathered around a large sheet of paper, drawing various school-related items. The drawings include a central school building, a globe, a microscope, a lightbulb, a ruler, a backpack, a computer, a calculator, a pair of scissors, a paint palette, a book, a clock, a magnifying glass over the number 3, a hopscotch grid, and a small figure. The children are using colored pencils and markers to draw these items. The text "EYFS STAY AND PLAY" is overlaid in large orange letters, and "TUESDAY 7TH NOVEMBER 2023" is overlaid in white letters below it.

EYFS STAY AND PLAY

TUESDAY 7TH
NOVEMBER 2023

COMUNICATION AND LANGUAGE

- Communication and language for the children is key.
- Its in all of their ELG.
- The children use language in all areas, and in all areas we can get meaningful language.
- It's about conversations with your child – tuning in and then supporting and modelling language in their play.
- We are going to look at some photos of the children in their activities and talk about different language opportunities..... there is no right or wrong answer!

OVER TO YOU....

- We are going to go into the classroom and find the children at activities.
- Please go and 'play' alongside your child – listening to what they are saying and begin the conversations around their play – supporting and challenging learning as we go.
